**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

please don't take away my internet. Competition is healthy for our economy.  
Competition occurs naturally and can cause wealth in the long run.  
Broadband is critical to me for it keeps me connected to my family and friends that i can't always  
see in person, it can also help me learn new things like coding. price hikes would be bad for me for  
i live in a low income household my dad and I are both disabled and live month to month. if you  
took this away from me i wouldn't have a phone line either, what if i had a heart problem i wouldn't  
be able to get help from the outside world. so please don't take away my connection.
